The CNP lawyers advising the Fund and the Manager: Amit Dhume, Abel Ho, Goh Wan Shuen and Joy Tan.

CNPLaw LLP (“CNP”) acted as lead counsel for the successful launch of Maiora Renewables Fund II (“Fund”), a Cayman Islands domiciled private equity fund with a focus on alternative renewable energy projects predominantly in the Asia Pacific region, in particular, solar power plants in Taiwan.

The Fund is managed by Singapore-based Maiora Asset Management Pte. Ltd. (“Maiora”), which was established in 2010 and focuses on opportunistic investments in structured finance, renewable energy, real estate and private equity. The Fund is the second renewable energy fund launched by Maiora.

Mr Amit R. Dhume, Partner at CNP said:
“Having been involved in the formation of Maiora's first renewable energy investment fund, we are pleased to once again support Maiora in its launch of the Fund. We have seen growing interest in renewable energy assets in recent years due to a global focus on generating clean energy, and expect that there will be continued demand for such investment opportunities as sustainable energy becomes an even greater priority moving forward."
