The team that advised the client: Bill Jamieson

CNPLaw LLP advised Kratos Communications SAS ("Kratos Communications ") on the transfer of the satellite communications services business conducted through a branch in Singapore to a new subsidiary. Following the transfer, the Singapore subsidiary will continue to provide satellite services to customers in Asia Pacific.

Kratos develops and fields transformative, affordable systems, platforms and products for national security and communications needs. Kratos is changing the way breakthroughs are brought rapidly to these markets through proven commercial technology approaches, including proactive research and streamlined development processes. Kratos is focused in areas where tech advances can have a force multiplier effect, such as unmanned systems, satellite communications, C5ISR, warfighter training and combat systems.
