About the publication and the ranking

- ALB is owned by Thomson Reuters, the world’s leading source of intelligent information for businesses and professionals.
- Firms are ranked based on the following metrics:
 - volume, complexity, and size of work taken;
 - presence across Asia and in individual jurisdictions;
 - key personnel hires and growth of the practice group;
 - key clients and new client wins; firm’s visibility and profile in the region;
 - and year-on-year development and momentum

Each M&A deal entails the confluence of multiple legal disciplines. That is why we take great care when assembling a team for each deal, ensuring that there is an optimal mix of specialisation in the clients’ identified areas of concern, such as **tax, employment** and **intellectual property**, and necessary industry-specific experience.

We provide support to our clients at every stage of the deal. We will be there at the beginning of the process, helping to **facilitate the negotiations** between the parties and advising on the **structure of the transaction**. Once the parties have reached a consensus, we meticulously **prepare the necessary documentation**. Recognising that M&A deals are often the first page of a new chapter for the parties involved, we also provide post-transaction support to ensure a smooth transition such as the **preparation of shareholder agreements, employment agreements**, and other relevant **commercial documentation**.
