

## Our Practice

The Banking & Finance Practice Group (BFPG) has always taken pride in providing a comprehensive range of banking and finance services to our clients, including domestic and foreign international banks, other financial institutions as well as non-bank lenders and borrowers, and foreign legal firms acting for parties outside Singapore.

Our banking & finance practice covers the whole spectrum of domestic and international banking & financing work, including restructurings, financings and financial institutions advisory work. We can draw upon a broad base of partners, senior, mid-level and junior associates, all with strong and varied banking & finance product line and country experience.

Our reach is further widened and enhanced by our ability to draw upon the resources of our network of correspondent firms in the region and globally.
